

*At holiday time this year, give the gift that helps local families throughout the season and for many generations.*

**Give the gift of hope.** Habitat holiday cards convey your wishes for joy and warmth at home for all. Your card purchase enables Habitat to build safe, decent affordable homes for hardworking families in need in Wake County.

**Your gift is an investment in the community.** Habitat partners with families to give them a hand-up through home ownership. Volunteers build houses alongside homeowners, and we offer homeowner education so that families can maintain a 20-year, no-interest mortgage. The mortgages families pay and your gifts enable Habitat to continue building.

By the end of this year, more than 300 homes will have been built or will be under construction through partnerships with families, volunteers and donors.

**Habitat homeowners designed these cards.** They are printed on a high-quality, coated paper stock and come with a matching white envelope. Each card is 5x7.

Cards can be personalized with the name of your family or organization. Referring to your mailing list, we will *handwrite* your name on the 'in your honor by' line and mail your cards to your friends and business associates.
