

Prayer Points

You are invited to prayerfully reflect on these concerns this month.

Habitat Cambodia

Please pray for Habitat Cambodia as they seek to provide affordable shelter to many in their country who desperately need it. For example, Van Veth works as a translator for Habitat Cambodia, and his family is in great need of a home. Like many in developing countries his family either have issues obtaining clear title to land or income to build on that land. Pray for Van Veth's family and the millions like him around the world in need of decent, affordable housing.

Habitat for Humanity of Wake County

Please pray that all of Habitat Wake's staff have a time of rest during this month to recuperate from a frantic pace maintained to wrap up our fiscal year on June 30 and achieve our goals.

St. Francis of Assisi in Honduras

Please pray for the members of the mission group from the Community of St. Francis of Assisi, who are traveling from Raleigh to Honduras on a global building trip, July 8 - 16. May they be blessed on their journey.

Displaced neighbors

Please pray for those seeking housing as their existing homes are redeveloped in Wake County. Former residents of the Forest Hills Apartment complex in Garner, as well as the Sir Walter Raleigh residents and the Wintershaven Apartments have been told that they need to relocate to a new home.

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope.
