

Go global with Habitat Wake!

*Travel to Honduras, help build homes
and see our global tithe at work*

Join Habitat Wake's Honduras Trip March 21-29, 2020

Join Habitat Wake and Habitat for Humanity Honduras for this special build to see how Habitat Wake's global tithe (more than \$1 million since 2015) helps to bring strength, stability and independence to families in need of a decent place to live. As you build a home with a Honduran family, you'll be welcomed into the community. You'll eat traditional food and meet the neighbors whose lives you're helping to improve.

Enjoy a hands-on building project, experience the area like an insider and share the trip with a team of like-minded volunteers. No experience is required!

TRIP HIGHLIGHTS

- Help a family improve their health and quality of life
- Learn new skills and work with like-minded individuals
- Explore the local community and enjoy cultural activities

PROGRAM COST

\$1,250 USD (Approx.) (Does not include airfare, required visas or immunizations.) The program cost includes accommodations, meals, in-country transportation and medical insurance. Participants will pay their own transportation to La Esperanza, Honduras (flight information will be forwarded to all participants).

ITINERARY

Saturday: Arrive in Honduras. Enjoy your first dinner in-country as a team.

Sunday: Tour the community or cultural activity. TBD

Monday - Thursday: Build each day, 8:30 a.m. to 4:00 p.m., with free time or team activities in the evenings.

Friday: Finish construction, then enjoy a farewell celebration with the community. Travel to Tela Bay for a weekend of cultural activities.

Saturday: Visit Tela Bay and surrounding area.

Sunday: Continue your trip to Honduras independently or depart for home.

ACCOMODATIONS AND MEALS

Our team will stay in a hotel in La Esperanza with two to four people per room. Breakfast is served at the hotel, lunch is eaten on the work site, and dinner is taken at a variety of local restaurants.

TASKS ON THE WORK SITE

Mission trip team members may work in all stages of construction, from digging foundations to painting houses. Responsibilities will likely include carrying bricks, mixing cement or adobe, compacting dirt, moving materials and other tasks as assigned by the construction supervisor.
