#### **Independent Auditor's Report**

To the Board of Directors Habitat for Humanity of Wake County, Inc. Raleigh, North Carolina

#### **Opinion**

We have audited the financial statements of Habitat for Humanity of Wake County, Inc. (the "Organization"), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of Matter**

As discussed in Note 2 to the financial statements, effective July 1, 2022, the Organization adopted amendments to the Financial Accounting Standards Board Accounting Standards Codification resulting from Accounting Standards Update No. 2016-02, *Leases (Topic 842)*. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

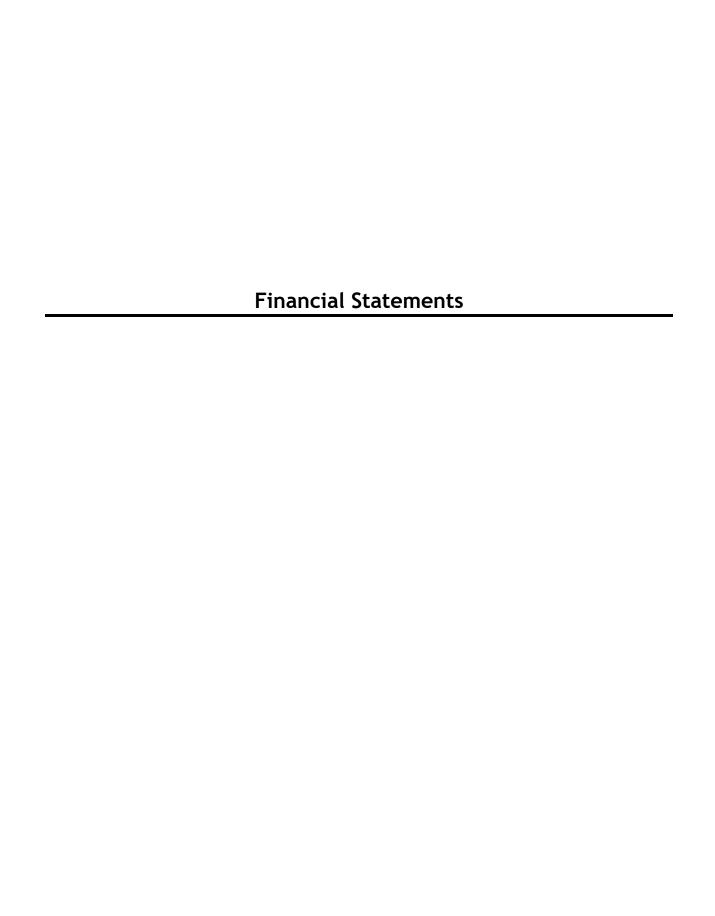

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the Organization's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

BDO WSA, P.C.

December 18, 2023

#### **Notes to Financial Statements**

#### 1. Organization and Description of Services

Habitat for Humanity of Wake County, Inc. (the "Organization") was incorporated as a non-profit organization on November 19, 1985. The Organization develops partnerships that build healthy, affordable homes with and for God's people in need. The Organization also promotes self-reliance through home ownership, providing affordable mortgages, and preparing its applicant families for home ownership through the provision of family support services, credit counseling, and resource management training.

Program services provided by the Organization are as follows:

*Construction* - This program constructs or rehabilitates modest housing for sale to low-income residents.

Family Services Financing - This program recruits and selects eligible homeowners, and recruits and trains volunteers who provide family support and services. Additionally, it provides access to affordable mortgage financing for low-income residents.

*Volunteer Services* - This program recruits and trains volunteers to assist in the construction of homes.

*ReStore* - This program sells donated home materials, appliances, furnishings and salvaged building materials to the general public at below-market prices, with the net proceeds going towards the support of the Organization's mission.

#### 2. Summary of Significant Accounting Policies

#### **Basis of Presentation**

As required by generally accepted accounting principles in the United States of America ("U.S. GAAP"), the Organization is required to report information regarding its financial position and activities according to two classes of net assets:

Without Donor Restrictions - Net assets without donor restrictions include resources which are available for the support of the Organization's operating activities and are both undesignated and designated in nature. In addition, they include the Organization's net investment in property and equipment and other resources designated by the board for specific purposes.

With Donor Restrictions - Net assets with donor restrictions include resources that have been donated to the Organization subject to restrictions as defined by the donor and net assets subject to stipulations imposed by a third party that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

#### **Basis of Accounting**

The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with U.S. GAAP.

#### **Notes to Financial Statements**

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### Cash and Cash Equivalents

The Organization considers all highly liquid investments with an original maturity of ninety days or less to be cash equivalents. The Organization maintains its cash and cash equivalents in several North Carolina financial institutions. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts in the United States. The Organization from time to time may have amounts on deposit in excess of the insured limits. The Organization has not experienced significant losses in such accounts and does not believe it is exposed to any significant risk.

#### Accounts Receivable, net

Pledges receivable are presented within accounts receivable on the accompanying statements of financial position. Pledges receivable are recognized when the donor makes a promise to the Organization that is, in substance, unconditional. The Organization uses the allowance method to determine uncollectible pledges receivable. The allowance is based on prior years' experience and management's analysis of specific promises to give. The allowance was \$0 as of June 30, 2023 and 2022.

The remaining accounts receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Organization provides for losses on receivables using the allowance method. The allowance method is based on experience, third party contracts, and other circumstances, which may affect the ability of debtors to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with contractual terms. It is the Organization's policy to charge off uncollectible receivables when management determines the receivable will not be collected. The allowance was \$0 as of June 30, 2023 and 2022.

#### **Materials Inventory**

Inventory is donated and valued at fair value which, due to the quick turnover of inventory (generally within a month of receipt), approximates the value at which the items are subsequently sold.

#### Land, Construction in Progress and Property Held for Sale

Land held for future construction is recorded at cost when payment is made or at estimated fair value when donated.

Costs of construction in progress consist of direct home construction costs only. Once a home is completed, the actual direct construction costs are transferred from construction in progress to finished houses inventory along with transferring the actual cost of the land from land inventory. Construction overhead is allocated to the completed job at that time. Homes completed pending closing are presented as finished houses within Note 6 until delivered. The Organization reviews the

#### **Notes to Financial Statements**

capitalized home costs in the month the home is completed and if the proposed sales price as determined by an appraisal is less than the capitalized home costs, an impairment loss is recorded in that same month. U.S. GAAP requires that if the undiscounted cash flows expected to be generated by an asset are less than its carrying amount, an impairment charge should be recorded to write down the carrying amount of such asset to its fair value.

At year end, construction costs for homes not yet completed are recorded as construction in progress. A portion of administrative costs is allocated to the cost of each home and becomes a part of the final cost of the home.

#### Property and Equipment, net

Property and equipment is recorded at cost or, if donated, at the estimated fair value at the date of donation. Property and equipment is capitalized if each individual item is \$2,000 or more in value. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets.

The following are the estimated useful lives of the respective assets:

#### Description Estimated Useful Lives

Buildings
Leasehold improvements
Computer and equipment
Furniture and fixtures
Vehicles

30 years
Lesser of lease term or useful life
3 to 7 years
5 to 7 years
5 years

Expenditures for repairs and maintenance to property and equipment is expensed as incurred. The cost of major renewals and betterments to property and equipment is capitalized and depreciated or amortized over their estimated useful lives. Upon disposition of property and equipment, the respective assets, and accumulated depreciation and amortization accounts are relieved, and any related gain or loss is reflected in current activities.

#### Split Interest Agreements

The Organization accepts gifts subject to split interest agreements. These gifts may be in the form of annuities or charitable remainder trusts, and they provide for the payment of distributions to the grantor or other designated beneficiaries over the designated beneficiary's lifetime. At the end of the trust's term, the remaining assets are available for the Organization's use. At the time of receipt, a gift is recorded based upon the fair value of assets donated less any applicable liabilities. Liabilities include the present value of projected future distributions to the annuity or trust beneficiary and are determined using appropriate discount rates. On an annual basis, the Organization revalues the liability for future payments to beneficiaries based on actuarial assumptions. Fair value of interest in charitable remainder trusts is determined as described in Note 4.

#### **Notes to Financial Statements**

#### Investment in Joint Venture

On December 20, 2017, the Organization invested, along with five other Habitat for Humanity affiliates, in a partnership ("Harbor Habitat Leverage II, LLC") with 16.67% ownership to take advantage of New Market Tax Credit ("NMTC") financing. The Organization had an investment balance of \$1,141,640 in the joint venture as of June 30, 2023 and \$1,153,714 as of June 30, 2022.

Additionally, the Organization secured a 20-year loan in the amount of \$1,715,000 payable to a community development entity. The loan proceeds are to be used solely for the purpose of acquiring, rehabbing, and/or constructing single-family homes in qualified census tracts and selling 100% of such homes to low-income persons. The loan accrues interest annually at a rate of 0.7041%.

#### Fair Value of Financial Instruments

The carrying amounts of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, which qualify as financial assets and financial liabilities, approximate fair value due to the relative terms and short maturity of these financial instruments. The carrying amount of the investment in joint venture approximates fair value as it represents the discounted return of the Organization's 16.667% investment interest in Harbor Habitat Leverage II, LLC. The carrying amounts of the debt (including amounts due to joint venture) approximate fair value as these financial instruments bear interest at variable rates which approximate current market rates for debt with similar maturities and credit quality.

#### Deferred Revenue

Deferred revenue represents mortgage forgiveness that is amortized over the term of the mortgage and NMTC affiliate guaranty fee which is amortized over the term of the loan.

#### Public Support Revenues Without and With Donor Restrictions

Donor support, contributions and government grants received are recognized as revenue when received or unconditionally promised. The Organization receives government grants from Wake County and local townships in the area. Public support revenue streams are recorded as without or with donor restrictions, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets with donor restrictions, including for support in which the restriction expires in the reporting period in which the support is recognized. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying statements of activities and changes in net assets as net assets released from restrictions.

Contributed nonfinancial assets consist of in-kind house sponsorships, in-kind ReStore donations, and in-kind other contributions. In-kind house contributions are utilized for construction or maintenance of homes and are reported under the construction program on the statements of functional expenses. In-kind ReStore donations include inventory received and subsequently sold at ReStore locations and reported under the ReStore program on the statements of functional expenses. In-kind other contributions include specialized services and use of facilities that is reported under the volunteer services and management and general programs on the statements of functional expenses.

#### **Notes to Financial Statements**

Donated materials, specialized services, and use of facilities received by the Organization are reflected as both contributions of nonfinancial assets and expenses in the accompanying statements of activities and changes in net assets at their estimated fair market value at the time of receipt.

The Organization receives a significant amount of donated services from unpaid volunteers who assist in the construction of Habitat homes. Only donated services that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair market values in the period received. Non-professional construction-related volunteer services do not meet these criteria, are not estimable, and are not recorded in the financial statements.

#### Revenues from Contracts with Customers

#### ReStore Revenue

A portion of the Organization's revenue is derived from ReStore sales during the year. Such revenue is conditioned upon meeting one performance obligation, the sales transaction is completed at a ReStore location, and amounts received are recognized as revenue at the point in time that the sale has been made. Once the sale is made, customers take possession of the goods purchased. These transactions are considered to be contracts with customers as they have commercial substance through the transaction of cash payment at the time of sale in return for the goods purchased. Due to the nature of these transactions, there is no variable consideration and only one performance obligation.

#### House Sales

A portion of the Organization's revenue is derived from house sales. Due to the nature of the contracts, there is no variable consideration and only one performance obligation. Such revenue is conditioned upon fulfilling a certain performance obligation, and amounts received are recognized as revenue at the point in time the requirement has been met. Once construction is complete on a house and closing procedures have been completed, buyers take possession of the house and the performance obligation is considered to have been met. Each house sold has a defined purchase price based on a third-party appraisal. Contracts are considered to have commercial substance as they all involve a cash down payment and a signed promissory note, which is paid in accordance with the note terms.

# Mortgage Loans Receivable, Interest Income and Other Income Related to Mortgage Loans Receivable

#### Mortgage Loans Receivable

Homebuyers enter into equity agreements with the Organization at the time the mortgage loan notes are signed. Prior to the fiscal year ended June 30, 2001, homebuyers purchased houses from the Organization at less than fair value with the equity amount determined as the difference between the purchase price and the fair value. Beginning with the fiscal year ended June 30, 2001, homebuyers purchased houses at fair value and the Organization provided the homebuyers with a discounted interest rate on their mortgage loans. Under both methods, homebuyers earn the equity over the life of their mortgages, typically 30 years or as the mortgages are repaid. As of July 1, 2016, the deferred equity on mortgage receivable is due at the time of sale. If the homebuyers default on their mortgages, the Organization retains all or a portion of the equity in the house. If

#### **Notes to Financial Statements**

homebuyers wish to dispose of their property, the Organization retains the right of first refusal. Homebuyers' equity agreements are included in the deeds of trust on their property as restrictive covenants.

In accordance with ASC 835, *Interest*, the Organization recognizes discounts on non-interest-bearing mortgage loans receivable as well as mortgage loans issued with interest rates below the prevailing market rates at the inception of the mortgage loan. These discounts are presented as a reduction to mortgage loans receivable on the accompanying statement of financial position and are accreted into interest income over the respective lives of the underlying loans using the effective interest method.

A loan is defined as impaired when, based on current information and events, it is probable that a creditor will be unable to collect all amounts due under the contractual terms of the loan agreement. The Organization considers one-to-four family mortgage loans and consumer installment loans to be homogeneous and, therefore, does not generally evaluate them for impairment unless they are considered troubled debt restructurings. There were no troubled debt restructurings as of June 30, 2023 and 2022. All other loans are evaluated for impairment on an individual basis.

Allowance for credit loss on mortgage loans receivable is determined on the basis of loss experience, known and inherent risk in the mortgage loan portfolio, the estimated value of the underlying collateral, and current economic conditions. Based on the terms of the loans, the Organization can reclaim homes through foreclosure in the event that a mortgage loan is deemed to be uncollectible. Assets repossessed that are expected to be re-sold in the normal course of the Organization's operations are included in land, construction in progress and property held for sale on the accompanying statements of financial position at the lower of cost or recoverable value. The allowance was \$0 as of June 30, 2023 and 2022.

Interest Income on Mortgage Loans Receivable

The Organization recognizes interest income from mortgage loans receivable and the accretion on discounts on mortgage loans receivable in accordance with ASC 835, *Interest*.

Gain on Early Extinguishment of Mortgage Loans Receivable

The amount of unamortized discount at the time of extinguishment of mortgage loans receivable (due to prepayment, etc.) is recognized as a gain on early extinguishment of mortgage loans receivable on the accompanying statements of activities and changes in net assets.

#### Other Income

Other income represents miscellaneous revenue streams earned by the Organization which are generally and historically immaterial.

#### **Expense Allocation**

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and changes in net assets and statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. While a majority of these costs are specifically identifiable to a functional expense category (cost of construction, interest expense on notes payable and on mortgages

#### **Notes to Financial Statements**

receivable, event costs, and tithe to Habitat International), other costs are allocated. Allocation bases primarily include the following: estimates of time and effort (e.g. for salaries and wages, payroll taxes, pension contributions); square footage (e.g. for occupancy); headcount (e.g. for supplies, telephone); and employee-specific (e.g. telephone, staff development, employee mileage reimbursement). Advertising costs are expensed as incurred and presented on the statements of functional expenses as publicity and marketing.

#### **Income Tax Status**

The Organization is exempt from Federal and state income tax under Section 501(c)(3) of the Internal Revenue Code ("IRC") and the applicable state tax statutes. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been qualified as an organization that is not a private foundation under Section 509(a)(2) of the IRC. Management has evaluated the effect of the guidance provided by U.S. GAAP on Accounting for Uncertainty in Income Taxes. Management believes that the Organization continues to satisfy the requirements of a tax-exempt organization as of June 30, 2023 and 2022. Management has evaluated all other tax positions that could have a significant effect on the financial statements and determined the Organization had no significant uncertain income tax positions as of June 30, 2023 and 2022.

#### Retirement Plan

Effective January 1, 2004, the Organization adopted a 401(k) profit-sharing plan for the benefit of its employees. An employee must be 21 years or older to obtain the 401(k) employer match. Employees may contribute from 1% to 97% of their compensation. The Organization will match 100% of each employee's contributions up to a maximum of 4% of compensation. For the years ended June 30, 2023 and 2022, the Organization contributed \$81,701 and \$86,441, respectively, to the plan.

#### **New Accounting Pronouncements**

In January 2020, the FASB issued Accounting Standards Update ("ASU") 2016-13, *Financial Instruments - Credit Losses (Topic 326)*. For non-public entities, ASU 2016-13 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2022. The ASU requires credit losses on most financial assets carried at amortized cost and certain other instruments to be measured using an expected credit loss model. The Organization is currently evaluating the impact of ASU 2016-13.

#### Recently Adopted Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) (referred to herein as "ASC 842"). The new guidance primarily impacts lessee accounting by requiring the recognition of a right-of-use asset and a corresponding lease liability on the statement of financial position for long-term lease agreements. The lease liability is equal to the present value of all reasonably certain, fixed remaining lease payments. The right-of-use asset is based on the liability, subject to adjustment for initial direct costs. Lease agreements that are 12 months or less are permitted to be excluded from the statements of financial position. In general, leases will be amortized on a straight-line basis with the exception of finance lease agreements. Under ASU 2016-02, lessees are permitted to use a modified retrospective approach, which requires an entity to recognize and measure leases existing at, or entered into after, the beginning of the earliest comparative period presented for the year beginning January 1, 2022, with early adoption permitted. In July 2018, the FASB issued

#### **Notes to Financial Statements**

ASU No. 2018-11, Leases (Topic 842), permitting the use of an alternative modified retrospective approach that would result in an entity recognizing a lease liability and ROU asset as of the effective date of the requirements, with all comparative periods presented and disclosed, in accordance with the requirements under ASC 840, Leases, changing the date of initial application to the beginning of the period of adoption.

On July 1, 2022, the Organization adopted the new accounting standard using the alternative modified retrospective approach, applying ASC 840 to all comparative periods, including disclosures. Pursuant to the adoption of the new standard, the Organization elected the practical expedients upon transition that did not require it to reassess existing contracts to determine if they contain leases under the new definition of a lease, or to reassess historical lease classification or initial direct costs. The Organization also adopted the practical expedient to not separate lease and non-lease components for new leases after adoption of the new standard and practical expedient for private companies allowing the organization to use the risk-free rate as the incremental borrowing rate. In addition, the Organization applied a policy election to exclude leases with an initial term of twelve months or less from recognition.

Adoption of the standard had a material impact on the statement of financial position, statement of cash flows and related disclosures and resulted in recognition of right-of-use assets and lease liabilities as of July 1, 2022. The standard did not have a material impact on the Organization's statements of activities and changes in net assets and functional expenses.

The effects of the changes made to the Organization's statement of financial position as of July 1, 2022 for the adoption of ASC 842 were as follows:

|   | June 30, Adjustments<br>2022 To ASC 84 |  |   |    | July 1,<br>2022 |                 |
|---|--|--|---|----|-----------------|-----------------|
| Non-current assets: Operating lease right-of-use assets | \$                                     |  | - | \$ | 5,666,660       | \$<br>5,666,660 |
| Current liabilities:                                    |  |  |   |    | 4 470 403       | 4 470 400       |
| Operating lease liabilities  Non-current liabilities:   |  |  | - |    | 1,178,492       | 1,178,492       |
| Operating lease liabilities                             |  |  | - |    | 4,488,168       | 4,488,168       |

#### **Notes to Financial Statements**

#### 3. Liquidity and Availability

Financial assets available for general expenditures consisting of expenses for program, fundraising, and management and general expenses that are without donor or other restrictions, limiting their use within one year of the statement of financial position date, are comprised of the following as of June 30, 2023 and 2022:

| June 30,  | 2023                      | 2022      |
|---|---------------------------|-----------|
| Financial assets:   |                           |           |
| Cash and cash equivalents                                 | \$<br><b>7,168,549</b> \$ | 5,197,637 |
| Accounts receivable                                       | 227,176                   | 175,775   |
| Current portion of mortgage loans receivable              | 1,567,358                 | 1,676,532 |
| Total financial assets                                    | 8,963,083                 | 7,049,944 |
| Less those unavailable for general expenditures within    |                           |           |
| one year:   |                           |           |
| Financial assets with donor restrictions                  | (254,592)                 | (179,609) |
| Financial assets available to meet cash needs for general |                           |           |
| expenditures within one year                              | \$<br>8,708,491 \$        | 6,870,335 |

Additionally, as of June 30, 2023 and 2022, the Organization also had a total of \$2,000,000 available from unused lines of credit.

#### 4. Fair Value Measurements of Financial Instruments

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
- Level 3 Inputs to the valuation methodology are unobservable inputs in situations where there is little or nomarket activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

#### **Notes to Financial Statements**

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Interest in Charitable Remainder Trusts - These Level 3 investments are valued on factors not easily observable in similar instruments in an active market.

Financial instruments carried at fair value by level are as follows:

|   |    |        |         |   |               |    | Total     |
|---|----|--------|---------|---|---------------|----|-----------|
| June 30, 2023                           | L  | evel 1 | Level 2 |   | Level 3       | Fa | air Value |
| Interest in charitable remainder trusts | \$ | -      | \$      | - | \$<br>590,888 | \$ | 590,888   |
|   |    |        |         |   |               | _  | Total     |
| June 30, 2022                           | L  | evel 1 | Level 2 |   | Level 3       | Fä | air Value |
| Interest in charitable remainder trusts | \$ | -      | \$      | - | \$<br>554,258 | \$ | 554,258   |

Changes in Level 3 inputs are as follows:

| Changes in Level 3 inputs are as follows. |     |              |
|---|-----|--------------|
|   | Ir  | nterest in   |
|   | С   | haritable    |

| Ending balance                            | \$  | 554,258      |

#### **Notes to Financial Statements**

#### 5. Mortgage Loans Receivable

Mortgage loans receivable consisted of the following:

| June 30,  | 2023          | 2022          |
|---|---------------|---------------|
| Various homebuyers Less: Equity forgiveness, unamortized discounts, and | \$ 37,801,989 | \$ 37,637,197 |
| second mortgages due to third parties                                   | (20,647,580)  | (19,783,586)  |
| Total mortgage loans receivable, net                                    | 17,154,409    | 17,853,611    |
| Less: Current portion   | (1,567,358)   | (1,676,532)   |
| Noncurrent portion of mortgage loans receivable                         | \$ 15,587,051 | \$ 16,177,079 |

At June 30, 2023 and 2022, the payments in delinquencies in mortgages receivable consisted of the following:

|               |              |    | 2023         |    |          |                 |
|---------------|--------------|----|--------------|----|----------|-----------------|
|               |              |    |              |    |          | Total           |
| 30-59 Days    | 60-89 Days   | C  | Over 90 Days |    | Total    | Mortgage        |
| Past Due      | Past Due     |    | Past Due     |    | Past Due | Receivable, net |
| \$<br>6,275   | \$<br>3,053  | \$ | 64,144       | \$ | 73,472   | \$ 17,154,409   |
|               |              |    | 2022         |    |          |                 |
|               |              |    |              |    |          | Total           |
| 30-59 Days    | 60-89 Days   | (  | Over 90 Days |    | Total    | Mortgage        |
| <br>Past Due  | Past Due     |    | Past Due     |    | Past Due | Receivable, net |
| \$<br>315,698 | \$<br>10,569 | \$ | 367,076      | \$ | 693,343  | \$ 17,853,611   |

At June 30, 2023 and 2022, management has not established an allowance for credit loss because, as discussed in Note 2, the Organization can reclaim homes through foreclosure in the event that a mortgage loan is deemed to be uncollectible and the fair value of the foreclosed homes is generally higher than the outstanding balance of the defaulted loans due to the equity requirements specified in the terms and conditions of the related equity agreements executed at the time of loan origination.

### **Notes to Financial Statements**

Certain changes in the mortgages receivable accounts are summarized as follows:

|                                  |                  |           | No | rth Carolina |    |            |               |                | Total         |
|----------------------------------|------------------|-----------|----|--------------|----|------------|---------------|----------------|---------------|
|                                  |                  |           |    | Housing      |    |            |               |                | Mortgages     |

| Less: accumulated depreciation | (2,923   | ,890)            | (2,506,169) |
| Property and equipment, net    | \$ 7,342 | 2,839 \$         | 7,655,073   |

#### 8. Interest in Charitable Remainder Trusts

During the year ended June 30, 2003, the Organization was named the single vested beneficiary of a charitable remainder unitrust. Upon the death of the last surviving income beneficiary, the remaining assets of the trust will transfer to the Organization. During the year ended June 30, 2007, the Organization was named the single beneficiary of a charitable remainder annuity trust. Upon the death of the surviving income beneficiary, the remaining assets of the trust will transfer to the Organization. The trusts' value is classified within net assets with donor restriction on the Organization's statements of financial condition until the trust terminates, and the remaining assets are transferred to the Organization. The fair market value of the Organization's interest in the trusts was \$590,888 and \$554,258, respectively, as of June 30, 2023 and 2022. The fair market value approximates the present value of the future cash flows anticipated from the trust.

#### Investment in Joint Venture and Due to Joint Venture

In December 2017, the Organization participated in an NMTC program. These programs provide tax credits to eligible organizations for investment in "qualified low-income community investments." Program compliance requirements included creation of a promissory note and investment in a qualified community development entity. Tax credit recapture is required if compliance requirements are not met over a seven-year period.

In December 2017, the Organization recorded its 16.667% investment in Harbor Habitat Leverage II, LLC at the cost of \$1,207,410. In December 2024, Twain Investment Fund 296, LLC (the "Twain Fund"), and the upstream effective owner of Harbor Community Fund XIII, LLC (holder of the promissory note due from the Organization) has the right to exercise its put option. Under the terms of the put option agreement, Harbor Habitat Leverage II, LLC would purchase the ownership interest of the Twain Fund. Exercise of the option would effectively allow the Organization to extinguish its outstanding debt owed to the Twain Fund (see below). As of June 30, 2023 and 2022, the investment in Harbor Habitat Leverage II, LLC balance was \$1,141,640 and \$1,153,714, respectively.

#### **Notes to Financial Statements**

Due to joint venture consists of a promissory note to Harbor Community Fund XIII, LLC in the amount of \$1,715,000. The note requires interest only payments until December 2024 at an interest rate of 0.7041%. The note then requires principal payments in an amount sufficient to fully amortize the note over 13 years. The loan matures in December 2037. The loan is secured by substantially all the assets acquired by the Organization from the project loan proceeds. As discussed above, this debt has a put option feature that is exercisable December in 2024.

#### 10. Escrow Funds Payable

As of June 30, 2023 and 2022, a total of \$101,623 and \$131,766, respectively, had been collected from homebuyers by the Organization for payment of property and insurance which is being held in escrow by the Organization. Escrow funds payable are presented within accrued expenses in the accompanying statements of financial position.

#### 11. Lines of Credit

In July 2014, the Organization obtained a \$1,000,000 line of credit which has an extended maturity of March 2024. As of June 30, 2023, this line of credit had an interest rate of 7.18% and an outstanding balance of \$0. As of June 30, 2022, this line of credit had an interest rate of 3.63% and an outstanding balance of \$0.

In June 2020, the Organization obtained a \$1,000,000 line of credit with an extended maturity of January 2024. As of June 30, 2023, this line of credit had an interest rate of 4.57% and an outstanding balance of \$0. As of June 30, 2022, this line of credit had an interest rate of 5.68% and an outstanding balance of \$0.

### **Notes to Financial Statements**

# 12. Long-term Debt

The Organization's obligations under debt agreements as of June 30, 2023 and 2022, consisted of the following:

| June 30,   | 2023                               | 2022                      |
|--|------------------------------------|---------------------------|
| Board of Commissioners of the Wake County Industrial Facilities and Pollution Control Financing Authority bond payable for \$4,400,000, secured by the facility, with an interest rate of 5.93% at June 30, 2023. The loan will mature in November 2032, when any unpaid principal balance and accrued interest will become due. | \$<br>2,342,531 \$                 | 2,553,612                 |
| Pacific Western Bank note for borrowing up to \$2,466,222 net of unamortized discount, with an interest rate of 2.00% at June 30, 2023. The loan will mature in September 2045. Secured by mortgage loans receivable.  | 1,318,245                          | 1,416,267                 |
| Pacific Western Bank note for borrowing up to \$1,244,135 net of unamortized discount, with an interest rate of 2.00% at June 30, 2023. The loan will mature in June 2047. Secured by mortgage loans receivable.   | 787,348                            | 780,483                   |
| Pacific Western Bank note for borrowing up to \$954,174 net of unamortized discount, with an interest rate of 2.00% at June 30, 2023. The loan will mature in March 2051. Secured by mortgage loans receivable.  | 901,008                            | 921,788                   |
| Truist note payable with interest rate of 7.14% at June 30, 2023. The loan will mature March 2026, when any unpaid principal balance and accrued interest will become due.   | 336,458                            | 439,509                   |
| Home Trust Bank note payable, with an interest rate of 2.00% at June 30, 2023. The loan will mature in January 2049, when any unpaid principal balance and accrued interest will become due. Secured by mortgage loans receivable.   | 779,213                            | 802,674                   |
| North State Bank note payable, with an interest rate of 2.00% at June 30, 2023. The loan will mature in April 2048, when any unpaid principal balance and accrued interest will become due. Secured by mortgage loans receivable.  | 867,126                            | 893,538                   |
| Towne Bank note payable, secured by eight mortgages, with an interest rate of 2.00% at June 30, 2023. The loan will mature in May 2049, when any unpaid principal balance and accrued interest will become due. Secured by mortgage loans receivable.  | 1,697,707                          | 1,747,866                 |

| Long-term debt, net of current portion   | \$<br>14,050,522 \$                | 11,497,575                |

#### **Notes to Financial Statements**

Scheduled maturities of long-term debt are as follows as of June 30, 2023:

| Year Ending June 30, | Amount        |
|----------------------|---------------|
| 2024                 | \$ 1,535,084  |
| 2025                 | 2,047,209     |
| 2026                 | 2,075,586     |
| 2027                 | 1,253,425     |
| 2028                 | 766,492       |
| Thereafter           | 7,985,086     |
| Total                | \$ 15,662,882 |

#### 13. ReStore Revenue

ReStore revenue by store location was as follows:

| Years Ended June 30, | 2023          | 2022             |
|----------------------|---------------|------------------|
| Apex                 | \$ 806,473    | \$<br>749,090    |
| Cary                 | 1,121,131     | 1,120,726        |
| Clayton              | 656,527       | 517,896          |
| Durham               | 1,861,344     | 1,630,743        |
| Fuquay-Varina        | 921,764       | 762,818          |
| Glenwood             | 1,051,874     | 882,173          |
| Hillsborough         | 683,804       | 593,796          |
| Morrisville          | 659,571       | 619,177          |
| Raleigh              | 2,706,623     | 2,356,712        |
| Wake Forest          | 1,374,938     | 967,815          |
| Total                | \$ 11,844,049 | \$<br>10,200,946 |

#### 14. Net Assets and Releases from Restriction

#### **Net Assets Without Donor Restrictions**

As of June 30, 2023 and 2022, the Organization's net assets without donor restrictions had no board designations and consisted entirely of net investment in property and equipment and net assets available for general use.

#### **Net Assets With Donor Restrictions**

As of June 30, 2023 and 2022, net assets with donor restrictions of \$845,480 and \$733,867, respectively, represent unexpended amounts of cash and pledge receivables from house sponsors and grantors, the value of donated land, and interest in charitable remainder trusts in which the Organization is the single beneficiary.

#### **Notes to Financial Statements**

The components of net assets with donor restrictions are as follows:

| June 30,                                | 2023          | 2022          |
|---|---------------|---------------|
| Sponsorship pledges                     | \$<br>130,500 | \$<br>53,582  |
| Donations                               | 124,092       | 126,027       |
| Interest in charitable remainder trusts | 590,888       | 554,258       |
| Total restricted by time and purpose    | \$<br>845,480 | \$<br>733,867 |

#### Net Assets Released from Restriction

Net assets with donor restrictions are subject to donor stipulations that expire by the passage of time or can be fulfilled or removed by actions pursuant to the stipulations. The following table summarizes net assets released from restriction:

| Years Ended June 30,            | 2023                       | 2022                       |
|---------------------------------|----------------------------|----------------------------|
| Pledges and donations<br>Grants | \$<br>1,532,133<br>766,944 | \$<br>2,028,729<br>197,434 |
| Total                           | \$<br>2,299,077            | \$<br>2,226,163            |

### 15. Operating Leases and Maintenance Contracts

The Organization leases certain facilities and other property under the terms of operating lease agreements. The Organization determines if an arrangement is a lease at the agreement's inception. Certain operating leases include predetermined rent increases, which are charged to rental and maintenance expenses on a straight-line basis over the lease term. In addition, certain leases provide for additional variable costs including taxes and maintenance. When these additions costs are fixed, or measured based on an index or a rate, these are included in future lease payments when measuring lease liability. Variable increases not based on an index or rate are not measurable at inception and are excluded from future lease payments and the calculation of the operating lease liability. These amounts are included in lease cost when it is probable that the expense has been incurred and the amount is estimable. The Organization records operating lease right-of-use ("ROU") assets and current and noncurrent operating lease liabilities in the statements of financial position related to its operating leases.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at the commencement date based on the present value of future lease payments over the lease term. Lease terms include the noncancellable period for which the Organization has the right to use the underlying asset plus any period covered by an option to extend the lease if the Organization is reasonably certain to exercise the option or if the exercise of the option is controlled by the lessor. As the Organization's leases do not provide an implicit rate, the Organization uses the risk-free rate available at the lease commencement date, based primarily on the underlying lease term, in measuring the present value of lease payments. The operating lease ROU asset may also include initial direct costs, prepaid and/or accrued lease payments and the unamortized balance of lease incentives received. ROU assets are reviewed for

#### **Notes to Financial Statements**

impairment whenever events or circumstances indicate that the carrying amount of the assets may not be recoverable. No impairment was identified in the year ended June 30, 2023.

Payments arising from operating lease activity, as well as variable and short-term lease payments not included within the operating lease liability, are included as operating activities on the Organization's statement of cash flows.

The weighted average lease term and discount rate for the Organization's outstanding operating leases were as follows:

| June 30,   | 2023            |
|--|-----------------|
| Weighted average remaining lease term (in years)                               | 5.88            |
| Weighted average discount rate   | 2.92%           |
| Total lease costs are as follows:  |                 |
| June 30,   | 2023            |
| Operating lease cost   | \$<br>1,396,989 |
| Variable lease cost  | 189,728         |
| Total lease costs  | \$<br>1,586,717 |
| Supplemental cash flow information related to leases was as follows:           |                 |
|  | 2023            |
| Operating lease right-of-use assets obtained in exchange for lease obligations | \$<br>5,666,660 |
| Reduction in the carrying amount of right-of-use assets                        | 1,234,315       |

#### **Notes to Financial Statements**

The future minimum operating lease payments for operating leases having initial or non-cancelable terms in excess of one year are as follows:

| Year Ending June 30,                                 | Amount       |
|--|--------------|
| 2024   | \$ 1,338,654 |
| 2025   | 1,057,368    |
| 2026   | 775,027      |
| 2027   | 527,939      |
| 2028   | 238,007      |
| Thereafter   | 1,017,000    |
| Total Future Minimum Operating Lease Payments        | 4,953,995    |
| Less: imputed interest                               | (465,827)    |
| Present value of operating lease liabilities         | 4,488,168    |
| Less: Current portion of operating lease liabilities | (1,178,990)  |
| Operating lease liabilities, net of current portion  | \$ 3,309,178 |

#### 16. Grant Audits

The Organization receives grant funds at times from various Federal, state, and local governments. The grant amounts received are subject to audit and adjustment. If any expenditures are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Organization. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements as well as the applicable federal, state, and local government laws and regulations.

#### 17. Contributions to Habitat for Humanity International, Inc.

The Organization contributes to Habitat for Humanity International for their housing programs. The Organization's contributions served an additional 70 families globally. For the years ended June 30, 2023 and 2022, contributions to Habitat for Humanity International were \$108,250 and \$251,957, respectively.

#### 18. Memorandum of Understanding

Effective July 1, 2019, the Organization entered into a Memorandum of Understanding ("MOU") agreement with Habitat for Humanity of Durham, Inc. ("Habitat Durham") and Habitat for Humanity of Orange County, Inc. ("Habitat Orange") regarding the operation of real estate and Habitat ReStore (the "Store") at the property known as 5501 Durham-Chapel Hill Boulevard, Durham, NC 27707, serving Durham, Orange and Wake Counties. An executed Management Agreement allows the Organization to operate the business on behalf of Habitat Durham and Habitat Orange. As a result of the new MOU agreement, the Organization purchased the land and building at 5501 Durham-Chapel Hill Boulevard for approximately \$2,800,000.

#### **Notes to Financial Statements**

The amount of Store earnings from all Stores in the Organization, Habitat Orange and Habitat Durham service areas shall be allocated between the three Organizations based on the percentage of product donations made to the Store by residents from each County. Per the MOU, the Organization shall pay all ReStore debt and related expenses out of the ReStore revenue prior to any distributions made to Habitat Durham or Habitat Orange. If this revenue is not sufficient to cover the necessary expenses, the Organization may make payments out of their own funds and credit future distributions to Habitat Durham and Habitat Orange. Distributions to Habitat Durham and Habitat Orange totaled \$647,551 and \$721,386 during the years ended June 30, 2023 and 2022.

### 19. Subsequent Events

The Organization has evaluated subsequent events through December 18, 2023, in connection with the preparation of these financial statements, which is the date the accompanying financial statements were available to be issued. No material recognizable events were identified.
